StarLine®

Twice as absorbent as hydrocolloids....

ALLEVYN* MAKES YOUR TIME BETWEEN DRESSING CHANGES GROW.

Cost-effective management. Wounds close at the same rate as with hydrocolloids,[1] but you'll need fewer dressings with ALLEVYN* because it absorbs more than twice as much exudate.[1] One ALLEVYN absorbs for up to 4 days without leakage[1]—that's 2 dressings per week—well within the utilization parameters for Medicare.

Comfortable, convenient management. Soft and conformable, ALLEVYN is comfortable for patients to wear. Easy to use, ALLEVYN applies like a hydrocolloid: out of the package and onto the patient. No secondary dressings are needed to keep it in place. And there's no wound residue—that means cleaner, faster dressing changes.

Allevyn* Adhesive

See your cost savings grow.

DIAL® BORAXO HEAVY DUTY LIQUID LOTION SOAP
02709 Boraxo, Liquid Lotion Soap, Heavy Duty, 1 Gallon, 4/cs

TRIAD TRIADERM SKIN THERAPY LOTION
Provides skin conditioners and emollients specially formulated for conditioning skin and replacing vital moisture. It also incorporates lavender oil into its formula to provide the added benefits of essential oil therapy. Use to revitalize, refresh and moisturize dry, irritated skin. Dermatologist recommended.
10-9184 4 oz, 72/cs
10-9188 8 oz, 48/cs
10-9198 Gallon, 4/cs

CHESTER LABS APRILFRESH® HAND AND MASSAGE LOTIONS
pH balanced formula absorbs quickly into the skin without the greasy residue of many lotions. This lotion seals-in the skin's natural oils and protects against outer moisture and possible irritation. Rich, soothing lotion is perfect for sensitive skin.
001362 2 oz, 96/cs
001364 4 oz, 60/cs
001368 8 oz, 48/cs
001377 128 oz, 4/cs

CHESTER LABS APRILGUARD® ENRICHED SKIN PROTECTANT LOTION
Apply before gloving and you can truly help eliminate latex glove irritation. Creates a protective barrier over your skin that will help prevent and relieve the irritation caused by powder and latex chemicals. This same barrier will also prevent irritation caused by frequent hand washing and harsh solutions. Non-greasy and absorbs immediately. Petroleum free and will not affect the integrity of your latex gloves.
001314 4 oz, 60/cs
001300 1200ml Collapsible Bottle, 3/cs

DONOVAN SKIN CARE PRODUCTS

WELCON TRACHEOSTOMY TUBE HOLDER

Latex free and hypoallergenic. Super soft for patient comfort. One piece design, saves time (no cutting or tying). Convenient, easy-to-use dispenser box. Individually packaged.

2710 Tracheostomy Tube Holder, 25/bx, 4 bx/cs

BUSSE TRACHEOSTOMY CARE KIT

Sterile. Includes all necessary components (except cleansing solutions) for care and cleaning of a tracheostomy cannula, sequentially packed in order of use. Packaging: 20/case. Each kit contains: 1 3-Compartment Plastic Tray, 1 Pair Gloves, 1 Cleaning Brush, 4 Gauze Sponges, 4" x 4", 4 Large Pipe Cleaners, 2 Cotton-Tipped Applicators, 1 Cotton Twill Tape, 1 Tracheostomy Dressing, 1 Large Polylined Drape, 16" x 18".

715 Tracheostomy Kit
713 Tracheostomy Kit w/removable basin

BUSSE STERILE TRACHEOSTOMY CARE SET

Set includes: tray w/2 compartments; 1 pair gloves; 1 pre-cut gauze tracheostomy dressing; 1 polylined towel/drape; Four 4"x 4" gauze sponges; 2 pipe cleaners; 3 cotton tipped applicators; flexible nylon bristle brush; 30" twill tape; 1 foam neck pad; 2 100ml packets hydrogen peroxide; 1 100ml container sterile saline solution.

800 Set w/hydrogen peroxide, 1 Pair Gloves, 1 Polylined Drape, 20sets/cs

711

714

BUSSE STERILE TRACHEOSTOMY CARE SET WITH GLOVES

Set includes: 3 compartment tray; 1 pair gloves; 1 pre-cut gauze tracheostomy dressing; 2 polylined towel/drapes; 4 4"x4" gauze sponges, 6 pipe cleaners, 2 cotton tipped applicators; flexible nylon bristle brush; 30" twill tape.

711 Set w/extra towel & 2 extra pipe cleaners, Pkg 24 sets/cs

BUSSE TRACHEOSTOMY CARE SET WITH HYDROGEN PEROXIDE

Each kit contains: 1 3-Compartment Plastic Tray, 1 Pair of Gloves, 1 Tracheostomy Dressing, 1 Polylined Sterile Field, 4 Gauze Dressings, 4" x 4", 2 Pipe Cleaners, 2 Cotton-Tipped Applicators, 1 Cleaning Brush, 1 Twill Tape, 2 Packets of Hydrogen Peroxide, 1 oz.

714 Tracheostomy Care Set w/hydrogen peroxide, Pkg 20/cs

BUSSE STERILE TRACHEOSTOMY CARE SET WITH FORCEPS

Set includes: 3-compartment tray; 1 pair gloves; 1 pre-cut gauze tracheostomy dressing; 2 polylined towel/drapes; 1 pair forceps; 3 4"x4" gauze sponges; 3 pipe cleaners; 3 cotton tipped applicators; flexible nylon bristle brush; 30" twill tape.

703 Set w/forceps & gauze dressing, Pkg 20 sets/cs
799 Set w/o gloves

BUSSE STERILE TRACHEOSTOMY CARE SET WITH DRESSING

Set includes: 3-compartment tray; 1 pre-cut gauze tracheostomy dressing; 2 polylined towel/drapes; 4 4"x4" gauze sponges; 6 pipe cleaners; 2 cotton tipped applicators; flexible nylon bristle brush; 30" twill tape.

710 Set w/pre-cut gauze dressing, Pkg 24 sets/cs

706

707

BUSSE TRACHEOSTOMY CARE SET WITH SUCTION CATHETER

Each kit contains: 1 Plastic Tray w/removable basin, 1 Pair of Gloves, 3 Tracheostomy Dressings, 2 Polylined Towel/Drapes, 4 Gauze Dressings, 4" x 4", 4 Pipe Cleaners, 2 Cotton-Tipped Applicators, 1 Cleaning Brush, 1 Twill Tape, 1 14 Fr Catheter.

706 Tracheostomy Care Set w/suction catheter, Pkg 20/cs

BUSSE TRACHEOSTOMY DRESSING

Sterile. Precut gauze of 4" x 4". Packaging: 50 each/dispenser box, 6 boxes/case.

707 Sterile Tracheostomy Dressing

INVACARE OXYGEN CONCENTRATORS

Pressure-based software automatically adjusts valve cycle time to compensate for altitude, filter condition, line voltage and compressor maturity, assuring consistently high oxygen concentrations. Four-way valve shifts based on pressure, not on time. Valve shifts when pressure in sieve bed is optimal for delivering peak concentrations of oxygen. .5 lpm peak flow. Filters are designed for maximum life. Quick-disconnect fittings on the wire harness make service a snap. Audible alarms. Five year warranty.

IRC5LX Concentrator, 5L w/o Sens02

CPI OXYGEN CONSERVATION DEVICE

Average 7:1 oxygen conservation ratio. Excellent oxygen cost savings to the home care provider. Allows patients to use smaller and lighter cylinder systems. Clinically proven to be equivalent to continuous flow. Over 14 clinical studies of DODS technology. Tested by leading authorities in pulmonary medicine. Effective during rest and exercise. Easy to read and use display. Large 1/2" digital flow selection display. Push button flow selector. Illuminated battery tester. Illuminated and audible apnea alarm. Can be used 24 hours a day. 15 second delay apnea alarm. Uses standard "C" size battery. Includes coiled and standard supply tubing, cannula, cannula connector, padded carrying case and instruction booklet.

ALLIED SCHUCO® HOME CARE NEBULIZER

Five-year warranty. Delivers maximum medication in a minimum amount of time. 7.6-L flow. Two stage filter system for super clean air. Low sound level for unobtrusive home therapy. Lightweight, rugged construction for easy, convenient, trouble-free operation.

S3000 Schuco Home Care Nebulizer (on contract)
S641057 White Felt Filter For #125
S641034 Black Foam Filter For #125

OMRON MICRO-AIR™ ULTRASONIC NEBULIZER SYSTEM

Lightest, most compact nebulizer in the A.I.R.S. line. Weight 8 ounces. Portable. Operates on 4 "AA" batteries and includes an AC adapter. Particle size range from 1 to 7 microns and 98% medication delivery. Featuring a practical .3 ml delivery rate and the lowest required solution volume to achieve nebulization at only .1 ml. No need for spacing device since this nebulizer features a soft aerosol delivery without blasts of medication. Quiet, ultrasonic delivery with a choice of mask or mouthpiece therapy. Ozone friendly, no CFCs. Accessories: AC adapter, mask, mouthpiece, carrying case and mesh caps.

NE-U03V MICRO-Air™ Ultrasonic Nebulizer System w/Instructional Video
U1002 AC Adapter 220V
U1006 Rinse Bottle

OMRON ULTRA-AIR™ ULTRASONIC NEBULIZER

Ultra-Air has a 2.4 MHz transducer with a particle size of 1 to 5 microns for greater respirable mass. Transducer is isolated from the medication cup for longer life. Operates silently and has separate controls. Disposable medication cup has a 6 ml capacity. Adjustable positive pressure delivery system. Compact, portable design and weights less than two pounds. Bright LEDs indicate "power on" and "battery status". Runs on standard AC power and can easily upgrade to battery operation. 2 year warranty.

FLEXIFLO® GASTROSTOMY TUBE

For use in an existing stoma as a replacement tube or as a primary catheter in place of a Foley or de Pezzer catheter (when the tract is created using the Stamm or Witzel procedure). Medical-grade silicone tube material is biocompatible and flexible. Y-port connector permits irrigation and medication administration without disconnecting feeding set. Centimeter graduations allow assessment of potential tube migration. Triangular skin disc is easily adjusted to maintain correct tube position. Feeding port at distal end of tube permits optimal flow.

ORION NASOGASTRIC FEEDING TUBES

The Radius™ nasogastric tube has a shorter, smoother, nonweighted, bullet tip. The Radius tip has no dead space to impede flow or encourage precipitate. The Radius tip has an exit port area 24% larger than comparable tips. Feeding tube design criteria: advanced anti-clog tip, no weights, water activated lubricant, tube identification, and one piece stylet. Packaging: 10/case.

MEDICAL DEVICES ENTERAL ADMINISTRATION SETS

Provides the generic alternative to a name brand bag or tubing set. Designed to function with most popular brands of enteral pump equipment. Bags manufactured of medical grade PVC and calibrated in 100-ml increments. Push-N-Seal™ cap creates a positive seal to prevent leakage. Includes attached 1200ml bag. Packaging: 30/case.

53F1003	Generic Ross Flexiflo III®
53G1000	Gravity Gavage®
53K1000	Generic Kangaroo®, Generic Corpak®, Generic KMI®

WELCON RATESAVER® ENTERAL FEEDING PUMPS

Large, easy to read LED display and user interface messages. Full function memory retains rate, dose volume, and total volume infused when turned off. Touch sensitive keypad allows for positive response and audible key contact. Visual and audible alarms include no flow/occlusion, low battery, dose delivery complete, error, and hold. Set out and door open on appropriate models. Built in battery charges whenever plugged into AC outlet and provides at least 7 hours of portable operation. Easily accessed diagnostic test modes allow user to verify proper functioning of critical components. Easy to set flow rates from 1-300 ml/hr. Easy to read volume delivered 1-9999 ml. Easy to read dose volume limit 1-9999 ml. Low occlusion pressure (less than 15 PSI). Built in clamp assembly easily mounts to virtually any IV pole. Compact, lightweight design that is exceptionally easy to clean.

ROSS FLEXIFLO® QUANTUM™ ENTERAL PUMP

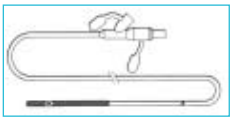
Delivers feeding only or feeding and automatic tube flushing to reduce tube clogging. Automatic, 25-mL tube flush delivered every hour and before alarm sounds for empty, dose complete and low battery to reduce tube clogging. Flow rates of 1 to 300 mL/hr in 1 mL increments.

50596	Flexiflo Quantum® Pump

ROSS FLEXIFLO® EASY-FEED™ ENTERAL NUTRITION BAG

Strong, dependable hanging ring. Comes with pre-attached screw cap and large filling port. Bag opens easily to receive liquid during filling. 1000-ml capacity with easy-to-read graduations. Bottom exit port allows complete drainage. Sets are pre-attached for a one-piece system. Packaging: 30/case.

51584	500-ml Container w/pre-attached gravity set
56	1000-ml Container w/pre-attached gravity set



ROSS FLEXIFLO® ENTERAL FEEDING TUBES

Sterile radiopaque tubes of premium, implant-grade urethane material resist collapse during aspiration. Flow-through stylet has blunt tip which will not puncture tube. Y-connector has two openings which eliminate need to disconnect feeding set when adding medication or irrigating tube. Location of feeding ports provides superior flow characteristics. Packaging: 10/case.

NOVARTIS COMPAT® DUALFLO™ ENTERAL FEEDING PUMP

An advanced delivery system designed to administer tube feeding formula and water for patient hydration. Users can program the pump to provide individualized patient hydration protocols, automatic flushes of the feeding tube or formula at pre-set strength. Its delivery set security doors reduce the chance of set dislodgement and enable the immediate detection of a free flow. Audio-visual alarms indicate empty container, occluded line, dose delivered, low battery, and open delivery set door. Also features automatic priming of the delivery set.

19925500 DualFlo™ Pump (3 yr leasing available)

NOVARTIS COMPAT® BAGGLE™ ADMINISTRATION SETS

A top filled, semi-rigid container with pre-attached delivery set which saves time and eliminates the need to inventory two items. The 58mm top-fill opening minimizes spills and waste. The sure-grip, semi-rigid container is shaped for convenient filling and hanging, with easy view graduations for accurate readings. Comes with a non I.V. compatible dispensing connector.

19923500

19924500

NOVARTIS COMPAT® ENTERAL FEEDING PUMP

A versatile, lightweight, easy-to-use pump for the administration of all enteral formulas. It has audio/visual alarms which signal the following conditions: occlusion/empty container, battery on, low battery, rate change, dose complete and free flow/runaway. The pump's memory retains infusion rate, volume delivered, dose limit and accumulated volume, even after the pump is turned off. Easy to set up and adjust and is designed for accuracy.

19923500 Pump w/memory with dose limit (3 yr leasing available)

NOVARTIS COMPAT® SELECTFLO™ ENTERAL FEEDING PUMP

Offers an easy to understand keypad and display along with simplified programming. Just set the rate and start the pump. Volume delivered automatically accumulates. Has the added security feature of a delivery set security door and can maintain formula delivery even if the pump is not level. Used with the baggle cage accessory and transport case, it becomes easily transportable. Audio and visual alarms signal the following conditions: low battery, occlusion/empty container, open delivery set door, hold error and flow error. The automatic set filling feature saves nursing time. (3 yr leasing available)

ALPHA PRO TECH UNREAL LAMBSKIN® MEDI-PADS

Reusable pressure relief pad is incredibly soft with 3/4" thick synthetic fleece that remains plush and thick even after repeated use and washing. Machine washable and dryer safe without shrinking. Plus, its thick pile material allows fresh air to pass underneath, keeping patients cool and comfortable. Helps prevent decubitus ulcers.

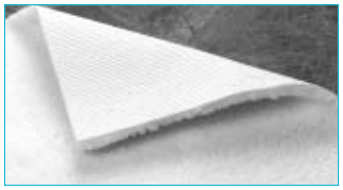
200	24" x 30", 20/cs
201	30" x 30", 12/cs
202	30" x 60", 8/cs
204	35" x 80" w/elastic straps, 5/cs

3M™ RESTON™ SELF-ADHERING FOAM PADS

Distributes body weight, helps prevent skin breakdown. Easily cut and shaped. Protects against abrasions, shearing and pressure. Can be stacked for greater thickness. Adheres efficiently to cushion skin, casts, appliances and other devices.

1560M	Medium Support, 7 7/8" x 11 3/4" (7/16" thick), 10/pk, 5 pk/cs
1561H	High Support, 7 7/8" x 11 3/4" (15/16" thick), 5/pk, 5 pk/cs
1563L	Light Support, 4" x 196" (3/16" thick), 1/rl, 5 rl/cs
2851H	High Support, 6 1/4" x 7 7/8" (15/16" thick), 2/pk, 10 pk/cs

293



213

ALPHA PRO TECH UNREAL LAMBSKIN® PRESSURE RELIEF PILLOW

Designed to relieve pressure points between knees, behind the back or wherever a touch of softness is needed. The 3/4" pile stays thick and plush through repeated use and the hook and loop closure allows you to remove the foam padding to machine wash and dry the pillow. Non-shrinking. Won't unravel. Resists tearing and stains.

293	10" x 11", 12/cs

ALPHA PRO TECH UNREAL LAMBSKIN® SOFTTOUCH BED PADS

Soft, thick 3/4" synthetic pile adds luxurious comfort to any bed. Machine washable and dryer safe without shrinking.

ALPHA PRO TECH UNREAL LAMBSKIN® SOFT GRIPS

Guard against injuring palms of hands during episodes of involuntary or repeated gripping which often occur in cases of Cerebral Palsy or severe arthritis. Also may be used in physical therapy to strengthen or rehabilitate hand or arm muscles through gripping exercises. Packaging: 12 pair/case.

294	Soft Grips

ALPHA PRO TECH BED RAIL PAD

Soft pads are made of 100% polyester. Ideal for guarding patients from the danger of injuring themselves on hard, unprotected bed rails. Heavy duty straps and snaps allow ease of placement and securing. Pads measure 18" x 60". Individually packaged in polybag. Machine washable.

3292W	White, 6 pr/cs
3292	Maize, 6 pr/cs
292	Unreal Lambskin® Pads, Washable, 3 pr/cs

MAYBECK SECTIONAL BED RAIL PADS

Made of 1" thick foam 14" high and covered with reinforced, waterproof nylon. Attaches easily and securely to side rails. Wipe clean with soap and water. Easily folds for storage. Three sizes available.

6863	Bed Rail Pads, 36" long
6864	Bed Rail Pads, 48" long
6867	Bed Rail Pads, 72" long

TURN AND HOLD PAD

Comfortable synthetic sheepskin pad securely positions patient on right or left side without pillow propping. Pad makes turning and positioning simple. When securing straps are released from side rail, patient is easily returned to supine position. Washable.

551020	30" x 24"
551040	30" x 40"
551060	30" x 60"

ROLL-CONTROL BED BOLSTERS

Polyfoam, nonallergenic vinyl–covered bolsters provide patient security when one or both side rails must be down. Straps attach bolsters directly to mattress. May be moved close together to position patient on right or left side. Meets California Bulletin 117B flammability standards. Safely wipe clean with mild disinfectants. Use single unit bolster when one side rail is not in use or use double unit when both rails must be down. 34" long.

556010	Double Unit
556012	Single Unit

POSITIONING/ELEVATING WEDGES

Foam positioning wedges promote proper hip–spinal alignment and reduce sacral pressure while patient is lying down. Elevating bed wedges resist slipping and sliding while comfortably elevating patient's head or feet more effectively than pillows or rolled towels.

Elevating Wedge, 27"W x 24"L

553010	Wedge w/cloth cover, 7 1/2"H
553020	Wedge w/out cover, 7 1/2"H
553030	Wedge w/cloth cover, 10"H
553040	Wedge w/out cover, 10"H
553050	Wedge w/cloth cover, 12"H
553060	Wedge w/out cover, 12"H

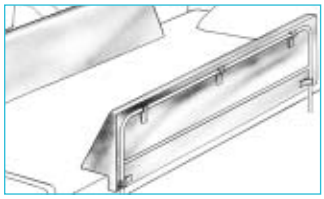
Positioning Wedge, 8"H x 8"L x 17"W

554010	Wedge w/cloth cover
554020	Wedge w/out cover

ALPHA PRO TECH BED WEDGE

Helps prevent patient/resident from rolling off the bed when one bed rail is in the lowered position. The pair system may be used when it is desirable to have both bed rails lowered. Straps attach to the bed spring frame to secure the wedge in position. Durable foam with vinyl cover, wedge may be cleaned with a spray-type cleaner and a damp cloth. CAUTION: Do not use in place of bed rails.

349	Allure™ Green Vinyl Cover, 4/cs



PROFEX BUMPER WEDGE

Non-conductive, wedge-shaped bumper pads attach to side or end bed rails to help prevent patient injury. Easy to install, remove, and store. Style 1 attaches to tubular rails by means of velcro straps while Style 2 slips over either solid or tubular rails in envelope fashion. For non-adjusting beds. Height dimensions are measured from the top of the mattress to the top of the bed rail plus 4 inches. (A + 4"). When ordering Style 2, please specify rail thickness measurement. Wedges are available in light green, tan, yellow, or white. Packaging: 2/package.

BW351-1	A+ 4"H x 35"L x 1"T
BW352-1	A+ 4"H x 35"L x 2"T
BW481-1	A+ 4"H x 48"L x 1"T
BW482-1	A+ 4"H x 48"L x 2"T
BW701-1	A+ 4"H x 70"L x 1"T
BW702-1	A+ 4"H x 70"L x 2"T

DURO-MED ABDUCTION POLYURETHANE FOAM PILLOWS

Designed for leg abduction and positioning. Velcro® strap for easy use. Fire retardant.

7972	Pillow, 4" x 18" x 7" x 12"
7974	Pillow, 4" x 22" x 7" x 14"
7976	Pillow, 4" x 26" x 7" x 15"

DURO-MED ADJUSTABLE BLANKET SUPPORT

Keeps blanket off feet. Tubular aluminum frame. Base inserts between box spring and mattress. Height adjusts up to 19". Frame is 20"L x 6"W.

2028	Adjustable Blanket Support

DURO-MED HELPING HANDLE

Provides solid support for persons capable of pulling themselves into an upright position but requiring some sort of a hand-hold. Heavy-duty formica and vinyl coated steel. Can be adjusted and clamped quickly and easily to any conventional bed having a mattress and box spring.

1990	Helping Handle

LUMEX BED RAILS

LUMEX AKROS® D.F.D. GEL FLOTATION MATTRESS

Utilizes patented, clinically proven D.F.D. technology in all three sections for maximum pressure management, flotation and stability. Superior, extremely comfortable mattress offering a complete pressure management system; replaces standard mattress. Easy to set up, simple to use and maintenance free, it requires no adjustments, overlays, flipping or filing. Unique 5 1/2" profile allows easy patient transfer. Gel flotation is self-contained and easy to set up. Three modular sections can be independently replaced if they become damaged or worn. Heavy-duty zipper and flaps help prevent fluids and contamination from entering mattress core. Covers are waterproof, antimicrobial and fire-retardant. Six carry handles. Five-year limited warranty. Unassembled

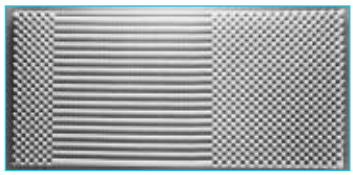
3018410U	84" x 35" x 5", Ocean Blue Top, Gull Grey Bottom



SUNRISE MEDICAL BIO GARD® MATTRESS OVERLAY

Delivers pressure relief through anatomical distribution of body weight over three-sectioned pad design. Specially engineered torso section virtually eliminates "bottoming out", assists in turning patients, and reduces shearing forces. Pressure on bony prominences is reduced which assists in normal capillary blood flow.

66-9030-CC	Overlay w/o sleeve, 6/cs

PROFEX WHEELCHAIR PILLOW POSITIONER

Combines dignity with safety and comfort. Thick, vinyl covered LapBuddy® slip under and around wheelchair arms to help position patient in an upright position while providing a resting place for hands and arms. Available for traditional or desk arm wheelchairs. Padded leg rest slips behind patient's calves to assist in comfort and position. Foot pad with attached leg rest gives added height and greater comfort to traditional foot rests; available in 1"-4" thickness (please specify when ordering). Available in buckskin, adobe white, camel, blush, rose, soft peach, seafoam, bordeaux, colonial blue, parchment and pearl.

LATERAL BODY SUPPORT

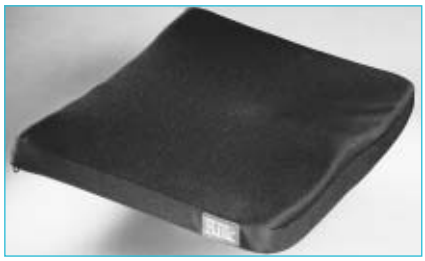
Improves sitting posture for the wheelchair or geri-chair user who leans to one side. Vertical support slips between patient's body and chair arm to stabilize the torso while a foam cushioned armrest trough supports the arm. Available in washable synthetic sheepskin or polyester. Elevated-arm version aids in controlling edema.

706010	12 3/4" H, Synthetic Sheepskin
706011	12 3/4" H, Polyester
706015	14" H, Synthetic Sheepskin
706016	14" H, Polyester
706020	12 3/4" H, Right Elevated-Arm, Synthetic Sheepskin
706021	12 3/4" H, Left Elevated-Arm, Synthetic Sheepskin

SLIDE-GUARD CUSHION

An alternative to restraints for patients who slide down in the wheelchair. Pommel acts as abductor. Pressure-relieving gel flotation evenly distributes patient's weight. The temperature-reducing gel lessens heat build-up and perspiration to keep tissue damaging moisture to a minimum. Available in firm or soft foundations. Firm is for the patient whose spine and posture may require the elimination of wheelchair "center sag". Firm foundation cushions have hardwood inserts to prevent hammock effect. 16" x 18".

751210	Gel, Firm, Polyester
751230	Gel, Soft, Polyester
751260	Foam, Soft, Polyester
751265	Foam, Soft, No Outer Cover
751280	Foam, Firm, Polyester



BASIC ECONOMY WHEELCHAIR CUSHION

Comfortable, mildly contoured foam design with beveled bottom compensates for the effects of sling upholstery, providing a more level sitting surface for better posture. Incontinent cover with non-skid bottom helps prevent cushion from moving, increasing stability. One-year warranty.

309	20" x 18"
301	18" x 18"
300	18" x 16"
306	16" x 18"
305	16" x 16"
308	14" x 16"

COMBI® CUSHION AND LUMBAR SUPPORT

Dual density foam padding provides comfort while improving sitting posture. Firmer foam under the legs gives extra support, while under the buttocks a softer foam allows greater comfort. Pre-contoured to discourage leaning or slouching, with slight abductor in the center to help prevent legs from coming together. Optional Solid Seat Insert helps counteract adverse effects of sling upholstery (specify size when ordering). Lumbar support device helps restore the natural curve of the spine, reducing back pain and muscle stress. Incontinence-resistant cover. Five-year warranty.

200NB	Regular Adult Short, 18" x 16"
